

Would the parents in your church use our coloring pages as family devotions?
Why not find out?

Fill a little three drawer outfit like this with our Bible coloring pages and put it in the lobby of your church...maybe inside the door of your Sunday School Classroom.

It cost \$7 and can be filled with a wonderful variety of our coloring pages in less than an hour. An entire parents ministry that will last your church for many years for just \$7.

OR A CHILD SIZED EVANGELISM PROJCT Your Sunday School class could put an invitation to visit your class on the backs of the pages, add a pack of crayons and put a display in auto repair shops, Laundromats etc.
The kids would love it.

If you decide to make your own display our favorite pages are the SON CATCHERS at www.homewordnow.com.
