## **Parent Guide for "Older kids" Coloring Pages**

**Dear Parent/Grandparent:** Why would a teenager want to color one of our pages. Some would...most however would consider it childish so why **MAKE** them. We believe there are two reasons. First to make the point loud and clear that God's word is **NOT** kids stuff. If you make them color one scripture a month they **WILL** remember it and they will get the message that we at least do not consider it to be Kid's stuff.

For the next few weeks we will be sending home a coloring page with our teenagers. **We hope you will color them with your child and put them on display in your home.**

The second reason to **MAKE** teenagers color scriptures is to remind them that taking **TIME** with God's word matters. You can't make them study the Bible but you can make them take ten minutes to color a scripture. While they are coloring they will be thinking about what they color, they won't be able to help themselves. Coloring 100 scriptures might even be used as punishment for a serious error in judgement???? It is sure they would remember it **AND** learn from it. For the full set of 30 coloring pages for older children see your Sunday School teacher or visit [www.homewordnow.com](http://www.homewordnow.com). How we pray that as you color this set of coloring pages with your children and God himself keeps you both safe and **FILLED** with love.
